

I reside in Somerset Ky where K-Love radio has become an important part of my life serving me as inspiration and informing me of upcoming Christian concerts and events in my area. I along with a large percentage of my community would be devastated if K-Love radio were to be replaced with an LPFM. Being in a bible-belt, predominantly Christian community I feel that K-Love radio is needed in our every day lives as an alternative to other programming.

Thank you,  
Ron Coffey
